

Clubs & Organizations

Check us out!

An important part of college life is the personal enrichment student's gain outside the classroom through student activities. Getting involved in campus activities gives students many educational experiences, leadership opportunities and the chance to interact with other students and faculty/staff members in an informal setting.

More than fifteen clubs offer students the opportunity to explore special interests. Many of these clubs are directly affiliated with fields of study and augment classroom experiences. In addition, art exhibits, dance productions, dramatic presentations, musical productions, and performances by guest artists are sponsored throughout the year.

Student Activities staff members assist students with all aspects of planning and implementing programs. Clubs and organizations operate in conjunction with the Student Activities office and a club advisor.
