President Parkhill reminded the Board that at the September board meeting the Trustees tentatively approved Clark-Nexsen Architectural Firm to update the College’s Master Facilities Plan. Since then the College has identified additional capital projects, which requires public announcement for open-ended designer services. Dr. Parkhill stated this strategy allows the College to solicit proposals from qualified firms and select the best candidate based on their qualifications.

Dr. Parkhill informed Trustees that on November 10, 2014, the College posted an advertisement for Open-End Architectural Designer Services for a one year term with the option to extend for an additional year. The bids closed on December 10, 2014, with seven proposals submitted. The Pre-Selection Committee met on January 7, 2015 to review the submissions and graded them on an eight factor scale. Dr. Parkhill stated that the Facilities Committee then reviewed the analysis breakdown on the seven proposals received and chose an architectural firm for recommendation to the board.

Mr. Gould stated that the Facilities Committee recommends LS3P Architectural Firm for the Open End Architectural Designer Services on a one year contract for the purpose of architectural designer services that are to be provided on a routine or as needed basis for small, miscellaneous projects under $300,000 to include update of the College’s Master Facility Plan, and with annual fees not to exceed $150,000 in total value and no single project to exceed a $36,000 fee, with the option to extend the contract for one additional year. After discussion the committee recommendation was unanimously approved.

President Parkhill informed the Board that she had met with both Henderson & Transylvania County Managers to request an extension to provide the college budget and FCAP in March 2015.

Dr. Parkhill updated Trustees on the Facilities Master Plan and provided details by building and project. President Parkhill stated that based on feedback from outside groups using the conference hall, a new capital project will be added to accommodate caterers using the hall’s kitchen. A recommendation for accreditation renewal will be presented to the Criminal Justice Training and Standard full commission meeting in February for approval. The next re-accreditation audit for renewal will be 2018.
