6	TBD	AHR 8155	HVAC Code Prep	64	2000

- Education/ Related Instruction is one day per week on campus.
- Depending on the coursework, the day may be 4 or 8 hours of instruction.
- Safety Related Coursework (i.e., OSHA 10, First Aid, Forklift Operations and other) is added into the timeline.
- Professional Development Coursework is added into the timeline.
- The apprentice works the balance of the week for their respective employer.
- Skilled Trades coursework typically starts at the end of August each Fall, and concludes in mid-May at the end of each Spring. Note: Skilled Trades pathways do not have coursework in the Summer semester.
